I as a representative of KIT Manufacturing have given permission to George Wilkerson to use and to have replica molds made from our TearDrop Trailer master mold.

George Wilkerson of the TearDrop Fix-It-Shop has full use of any parts of which the mold produces. KIT Manufacturing may from time to time have need for replacement parts from George to sell to any of our customers, however KIT Manufacturing has given permission to George for any reproduction of the KIT Tear Drop Trailer and KIT will be directing those customers to George.

Sincerely
